

## Discover the Latest News from Inside the REVERSE Project

### New Study Snapshot Video Released!

The changing seasons brought with it the end of our second reporting period!

All documents are being collated ready for submission to the European Commission and the project shifts now into the third phase with some exciting work ahead!

Discover what's been happening over the last few months.

### Second ABS Implementation Workshop

On 27 & 28 June, it was the turn of representatives from cohort two hospitals to join the workshop in Zurich to discuss technical aspects of ABS, explore interactive clinical case studies, and develop their implementation strategies.

### All Site Visits Complete!

The IPC and ABS site visits are crucial to the success of REVERSE. After three years of committed effort, we are pleased to announce that all site visits are now complete. The hard work, generosity, patience, and wealth of information shared by each of the country hosts ensured that these visits were all successfully completed in accordance with the project goals. Full article coming soon!

### World AMR Awareness Week

#### We're Going Blue for AMR!

- WHAT**  
WHO Global Campaign to raise awareness and understanding of AMR and promote best practises among One Health stakeholders.
- WHEN**  
18 - 24 November 2024 (Cohort 4 ABS Implementation Workshop 18 - 19 November)
- WHY**  
AMR awareness, raise project profile, people-focused content, networking.
- THEME**  
Educate. Advocate. Act Now
- ACTION**  
We're Going Blue for AMR! Worldwide participation all over social media!
- Dress in blue and [send us your photos](#), no later than 18 October.
  - On your own, in a group, at work, at home, inside, outside, with your pet!
  - We'll turn the social media feed blue.
  - Daily posts with AMR facts and images of the consortium going blue for AMR.

### Coming Up

**Dates for Your Diary**

- 26 September UN GA High-Level Meeting on AMR
- 13 - 19 October International Infection Prevention Week
- 16 - 19 October ID week
- 18 November European AMR Awareness Day
- 18 - 24 November World AMR Awareness Week

The upcoming months are going to be busy for members of the consortium, with REVERSE science on display at multiple international events, several ABS implementation workshops, and the continuation of our popular interview series featuring key members of the project!

**Publications**  
Several publications are with the committee for review, including the **Umbrella Review** from WP6 and the **Implementation Protocol** from WPS.

**SIRC and IMPAACT**  
Representatives from WP 5 (Drs. Bianca Albers and Kathrin Blum) will be presenting their work within REVERSE at the SIRC conference in Denver, United States on 27 - 28 September and also at IMPAACT in Geneva, Switzerland on 7 - 8 November.

**Congress of the University of Medicine and Pharmacy Carol Davila**  
The twelfth edition of this large-scale scientific event takes place from 24 to 26 October and sees Dr. Adriana Hristea presenting results from the participating Romanian Hospitals (WP 1).

**ABS Implementation Workshops**  
Representatives from cohort three will be travelling to Zurich for their ABS implementation workshop 16 - 17 September and cohort four will participate in their workshop during WAAW on 18 to 19 November. This will complete the IPC and ABS implementation workshops, a significant milestone for the project.

**Online Serious Game**  
Work is progressing well and we hope to launch soon!! Watch this space for more details.

**Personal Stories**  
Our successful interview series continues - keep an eye open for an in depth conversation with leading figures from the consortium and the addition of a dedicated page on the website featuring these personal stories.

### Educational Opportunity

Postgraduate course  
**Better methods for clinical studies in infectious diseases and clinical microbiology**  
22-24 October 2024  
Belgrade, Serbia

REGISTER TODAY

**ecraid** **ESCMID**

Calling early-career investigators working in clinical microbiology and infectious diseases!

Ecraid's annual three-day course is coming to Eastern Europe, with Belgrade hosting this cutting-edge educational event.

Enhance your skills and learn from leading experts from across Europe and beyond.

[Register before 29 September 2024.](#)
